# STANDARDS CHANGE. THE LEGENDARY PROTECTION OF DUPONT " KEVLAR" CONTINUES.

DARE BIGGER™

THE REVISED ANSI/ISEA 105 STANDARD WILL HELP YOU CHOOSE THE RIGHT PROTECTION WITH GREATER PRECISION AND ACCURACY THAN BEFORE.

To clearly differentiate the amount of protection that each glove offers, the ANSI/ISEA 105 Hand Protection Selection Criteria standard for North America has recently changed. Under the revised standard, the number of classification levels has increased from five to nine, and the letter "A" was added to indicate the new test method being used.

### WHAT THIS MEANS FOR YOU

Glove performance has improved significantly in recent years as new yarns and new technologies have been developed. As a result, there are more "high cut protection" gloves to choose from. The chart below will show you whether the level of protection you have used in the past has stayed the same or changed. With these new levels, you may need to move up in level to ensure adequate protection. Be sure to have the revised cut spec handy when ordering gloves in the future.

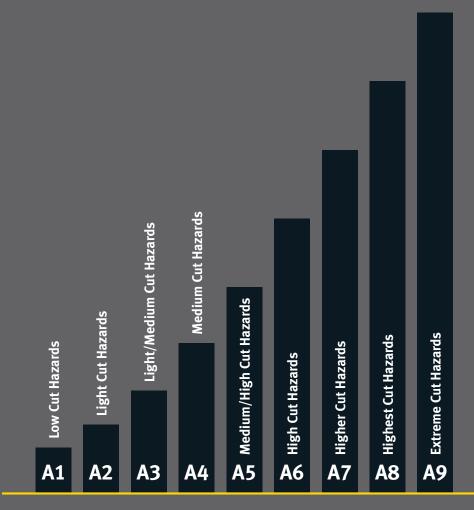

### ANSI/ISEA 105 STANDARD

OLD STANDARD		
LOAD (GRAMS)	ANSI/ISEA 105-11	
<200	0	
201-499		
500-999	2	
1000-1499	3

### NEW ANSI/ISEA LEVELS AT A GLANCE

### SOLUTIONS TO MEET EVERY CUT LEVEL

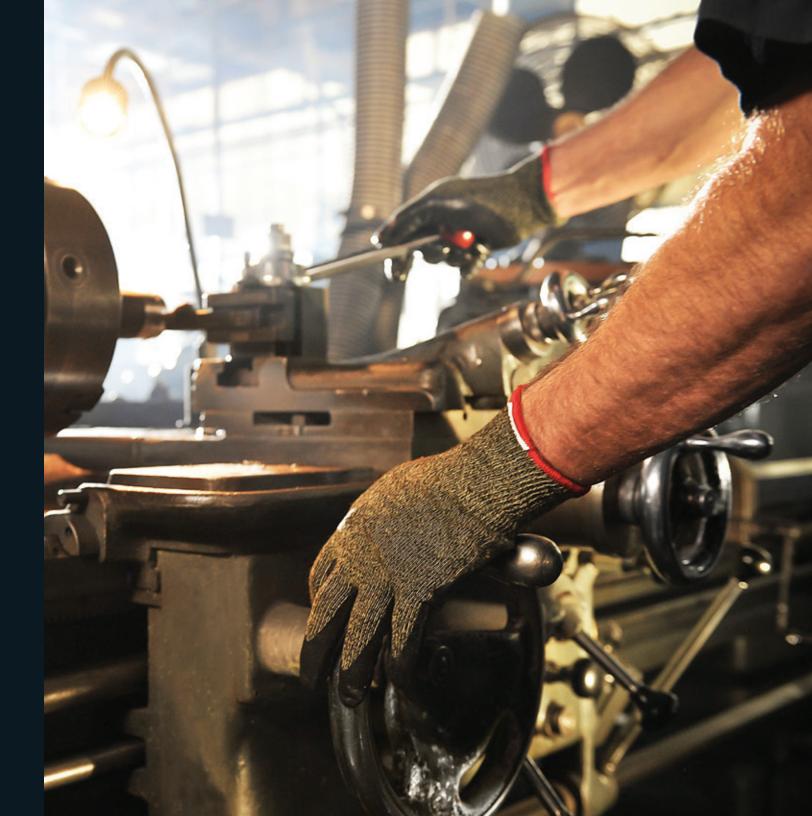

DuPont<sup>™</sup> Kevlar<sup>®</sup> patented technology makes the lightest weight, highest performing gloves possible. And our new Kevlar<sup>®</sup> engineered yarns provide greater levels of cut, heat and durability protection than ever before.

Our broad portfolio of proven solutions meets the new ANSI/ISEA classification levels. So, no matter what level of cut protection you need, there is a Kevlar<sup>®</sup> solution.

Over time, standards change and your protection needs may change. But what will never change is the legendary protection of Kevlar<sup>®</sup>. Rely on gloves made with Kevlar<sup>®</sup>.

## **GLOBAL RECOGNITION OF CUT STANDARDS**

Learn more about ANSI/ISEA 105-16 and the proposed changes to EN 388, as well as how these new global standards will affect your personal protective equipment (PPE) choices.
